

GAVIN HERMANSON

PROJECT MANAGER & DEVELOPER

Cedar Rapids
Iowa-USA

P: (319) 241-6689

E: mktg.modernedge@gmail

ABOUT ME

I will bring knowledge & experience to projects delivering solutions.
Working to aid forward production, ensure goals, & team achievement each day.

EXPERIENCE

Project Developer

Present -
2019, Feb.

Modern Edge Mktg. / Fullstack Developer

I coordinate project design, staff workflow, and software development.

Digital marketing & sales campaigns throughout various stages from build to market, I've implemented successful work experience across disciplines. From analytics, to programming. Languages to website landing pages. Graphics to video & everything in-between. A wealth of project examples to view for each as well.

Branch Sales Manager

2019, Feb. -
2016, July

AT&T Cricket Wireless

In charge of employee training, branch sales, & stores management.

One sales campaign saw a 310% spike in traffic & 400% jump in earned net revenue over 3mo. From there I learned scaled operations, management, and advertising. By 2019 we had grown from 5, to 14 storefronts operating green. Employee retention increased 0.86 to 1.92. Efforts that put my branch 1st place in activations.

That year for the first time ever...JDPower announced Cricket as Ranked 2nd Highest Overall in Customer Service Satisfaction for Wireless Providers!

EDUCATION
